

GREEN TEAM VOLUNTEER OPPORTUNITY

Dear Community Members,

Are you interested in some outdoor activities? If so, consider helping to maintain Tuccamirgan Park and Morales Nature Preserve. This is the second year of activities for the “**Green Team**”. We are a group of community minded people with some time to spare and who enjoy playing in the woods. The purpose of the “**GREEN TEAM**” is to:

Organize and complete projects that protect, support and preserve the natural resources of Flemington Borough and Raritan Township.

These Projects will include:

- Trail maintenance
- Clean ups
- Trimming
- Mulching

Basically, all things woodsy.

The proposed projects have been planned so that they can be completed in less than 2 hours, once per month.

Our next work session is scheduled for Wednesday, June 26, at 9:30 am, at Morales Nature Preserve. Please bring clippers and/or loppers and if possible a friend.

We hope you will consider joining this worthwhile “**TEAM**”. **Contact me at:** erandazz@comcast.net or feel free to call me at 908-782-9493.

Thank you for your consideration,

Sal Randazzese
Parks Liaison
