OIL TANK CLOSURE STRUCTURAL CERTIFICATION

October 29, 2001

Mr. Joseph Sciarrino
3 Blackwell Road
Flemington, New Jersey 08822

Dear Mr. Sciarrino:

This is to certify that on October 16, 2001, one 550-gallon underground fuel oil tank was closed-in-place at the following address:

3 Blackwell Road
Raritan Township, NJ
Block 78.02, Lot 11

The oil tank closure was done in compliance with the structural intent of NJDCA Bulletins 88-3 and 91-4, in addition to local municipal ordinance. The inspector from Hunterdon County Department of Health performed an inspection. At the time of inspection, there were no indications of holes in the tank, nor were there any signs that the tank had ever leaked. The excavated area is now structurally secure against future collapse.

ANCO Environmental Services also installed one 275-gallon double wall ROTH safety aboveground fuel storage tank in the garage.

If you require additional information regarding site activities, please contact this office at a suitable time.
